City of Lowell,

277THZG.S.HW
X232 AND T3307 GLOW

months back neighbor or neighborhood cat or cat began coming on my porch and pissing or marking it!

BUT, It continued and was now ruining my things.

I came out on feb 23, 2022 to ~~the~~ the cat's having marked my cushion to my wicker love seat and had, had it with the now ruining another thing of mine.

I know of 4 cats that have been on my property.

I do not care ~~that~~ that they go in my yard, but they have found their way in the garage and that also smells like a cat box now.

I'm handicap (Chiari malformation) ~~and~~ had Brain Surgery for this And can not be dealing with others cats that are making a mess of my things that I PAY for!
This is not RIGHT!

I spoke to Courtney & Malinda from animal control control Courtney on two occasions April 8, 2022 on the phone and at the

Police station.

I spoke with malinda may 3, 2022

Courtney told me she would talk with a neighbor whom I ~~thought~~ owned some if not all, she said she did not.

Courtney also said she would have malinda put out traps so to identify the cats and fix them if ~~a~~ need be. this has not happened and that ~~was~~ was at least a month back, that was April 8, 2022

She said that.

I spoke to malinda may 2, 2022 and she said That I can't get rid of the cat's, I said I never said that! She also told me to fix the broken window on my garage (I didn't know it was still) I saw the cat going in and ~~the~~ in the is in a fenced in yard, also what about my things the cat pisses on the porch?? She hung up! They are upset with me because I'm getting mad?? Well how about me!

I've gone to the Police Station,
the mayor's office also, Clerk's Office
also.

This is not OK and has to END!

Thank You

Nicole Gaudet
